EAST RICHMOND

The Comedy Club held an important meeting on Tuesday and decided to give an entertainment very soon at both Highland Springs and at Seven Pines. They give a show that would do credit to many professionals.

Messrs. Louis H. and Delle Verland-

IMPORTANT NOTICE TO THE PUBLIC

Following out our usual policy to place before the public of Richmond the latest and best things pertaining to an up-to-date drug store, we have secured for this city the exclusive agency for the famous preparation now exciting so much attention on account of its great curative properties.

Mull's Grape Tonic

WHAT IS IT?

It is the pure juice of the grape combined with fruits and medicinal herbs. The formula and mode of using is identical with the Traubenkur or Grape Cure of Germany which we describe to you below and which we secured direct from headquarters on the River Rhine. What it Does—Mull's Grape Tonic Cures Dyspepsia.

The inability to properly digest and assimilate food brings more people to their graves than any other cause. When the stomach becomes weak and refuses to perform its functions every vital organ suffers. The blood loses its richness, the kidneys and liver become enfeebled or diseased, the heart's action is impaired, and the sufferer slowly but surely wastes away. Mull's Grape Tonic can be readily assimilated by the weakest stomach no matter how impaired the digestion has become.

NOTICE WHAT THESE PEOPLE SAY:

I am anxious to have you know that Mull's Grape Tonic has made a great difference in my general health. My stomach does not trouble me any more, can digest my food and am rid of the headache which I have suffered since I have been taking Mull's Grape Tonic. It is not only a good medicine, but pleasant to take. I am gaining in flesh and strength daily. Yours truly, EMILIA SHAFER, Chicago, Ill.

I wish to state that I am a friend of Mull's Grape Tonic. For years I have gradually lost strength until I became weak, and my existence was miserable. The doctors pronounced my case stomachic trouble and catarrh of the stomach, but besides this I had shooting pains from my toes up through my limbs to my head, and I could get no rest though I was always drowsy. I would get up in the morning as tired as when I went to bed the night before. Thank to Mull's Grape Tonic, which has changed; I am in good health after using it for six months. Now when I feel that my system is not in proper order, I take Mull's Grape Tonic for a day or two and the disturbance disappears promptly.

ARTHUR C. DEAL, Grand Lake, Halifax Co., N. Scotia.

Having the confidence that Mull's Grape Tonic would benefit me, I began taking it while I was in bed in a suffering condition. I think the cause of my sickness was indigestion and constipation and along with that came Liver and Kidney Trouble, so that I finally got into bad shape. I can truthfully say that Mull's Grape Tonic cured me, but I always keep a bottle in the house and use it promptly if I feel the need of it. The bottle is a good one, for the better, always takes place right after the first dose.

Truly yours, HENRY CLARK, Des Moines, Ia.

Gentlemen,—I am nearly eighty-two years of age and have used many kinds of medicines in my four score years. I can conscientiously say that I think I have derived more benefit from your "Grape Tonic" for the last few years than from any other medicine I have ever used. My general health has been very poor, but I think your remedy has helped me very materially. I will be pleased to recommend your "Grape Tonic" at any time. Respectfully yours, WILLIAM McDEVITT, Over 611 Locust Street, Des Moines, Ia.

We have seen persons restored to robust health with Mull's Grape Tonic who were apparently beyond all chances of recovery. No matter what physicians or remedies have failed to cure you do not lose courage, try Mull's Grape Tonic and in renewed health life will be worth living.

IN GERMANY IT IS CALLED TRAUBENKUR.

These grape cures are located along the Rivers Rhine and Neckar and are world famous for their almost miraculous cures of Dyspepsia, Constipation and Liver and Kidney Troubles. They are thought with patients from all parts of the world go abroad to avail themselves of the grape cure. After many years of careful research and experiment there has been combined all the best elements of these cures in Mull's Grape Tonic. If you will come to our drug store you can have a "Traubenkur" at your door by purchasing a bottle of this great medicine. We positively know its curative properties, and we can guarantee that the public those who buy it and get no benefit may have their money back. Buy a bottle today for the cure of your ailments. The tonic with a little chilled ice or by keeping it in refrigerator. It makes a most refreshing drink, soothing the nerves and heated brain.

MAY CALL THE REV. MR. MINNICK

Marshall-Street People Anxious to Get Him Back.

BUT HE CAN HARDLY COME

Farewell Service in Honor of Young Missionary and Wife—Anti-Saloon League Committee to Meet. Church Services To-Day.

The Rev. Harry Minnick, of Lubec, Maine, will possibly be called to the Marshall-Street Christian Church, of this city, of which he was the pastor preceding the Rev. F. W. Troy.

No Christian minister who has ever been in Richmond was more beloved than Mr. Minnick and it was a severe blow to his people when he had to leave. Mr. Minnick's father is an old sea captain and refuses to go far away from Lubec and the sound of the sea and hence Mr. Minnick considered it his duty to go there. Now that Mr. Troy has also left the Marshall-Street congregation turn their eyes toward their former pastor and many have been heard to express an ardent wish that he could be induced to return. Mr. W. J. Kimbrough, clerk of the church, said this morning that they would call Mr. Minnick in a minute if they thought he would come.

But, the issue is extremely doubtful. The conditions which took Mr. Minnick from Richmond are still existing, and it is hardly probable that he could see his way clear to come back. Still the effort will be made and many will hope that it will bear fruit.

At night Dr. Lear, the pastor, will preach on "The Heart of Stone Changed to a Heart of Flesh." The offering of the church will meet Monday night at 8:15 o'clock.

Last Sunday the study was very largely attended and exceedingly interesting. Men are cordially invited.

The State Executive Committee of the Anti-Saloon League of Virginia will meet Monday afternoon at 3:30 o'clock, in the parlors of the Young Men's Christian Association.

Owing to the increased number of scholars attending Monumental Sunday school it was found necessary to provide more room, and therefore, during the summer an additional room was built, which will be used especially for the infant class on Sundays, and for kindergarten on other days.

The Sunday school will reopen this morning, and the kindergarten will begin on Monday, September 22d.

The rain has not prevented people from assembling every night of the past week in the tent, corner of Twentieth and Grace Streets. These meetings have been going on now several months, and the interest is unbroken. The several pastors interested are present each night.

TOBACCO NOTES

Whitlock Branch in New Factory—To Employ Secretary.

The Whitlock Branch of the American Cigar Company is now installed in the gigantic new factory erected recently at Twenty-fourth and Cary Streets. The work of removing the machinery over, and the hum of the machinery is heard within the walls of the big building.

The old factory of the Whitlock branch will be converted into a steamery. In the new quarters there will be much more room for extension and ware, so far as is known, no step has been taken in this direction yet, it is understood that something like a thousand additional hands will be employed. No new brands will be put upon the market just now, but it is thought that in the course of time the Whitlock branch will begin the manufacture of cigars.

Plans are being made by the Tobacco Association of the United States to open an office in this city and to employ a secretary and treasurer, who can at once take hold of the various interests lodged in the association and push forward the work, to which he will devote his entire time and energy. Two names are being seriously considered in connection with the office and it is probable that one of them will be selected within the next few days the announcement of the final selection of one of them will be made.

Steps are also being taken toward pushing the insurance matter. The association holds that there is a discrimination against tobacco and it is probable that very shortly it will arrange for a conference with some insurance men, with a view to settling matters on a more satisfactory basis. The work of securing statistics for the association goes on nicely and will be continued to be pushed vigorously.

There is a large increase in the cigarette trade in this city and to employ a secretary and treasurer, who can at once take hold of the various interests lodged in the association and push forward the work, to which he will devote his entire time and energy. Two names are being seriously considered in connection with the office and it is probable that one of them will be selected within the next few days the announcement of the final selection of one of them will be made.

Steps are also being taken toward pushing the insurance matter. The association holds that there is a discrimination against tobacco and it is probable that very shortly it will arrange for a conference with some insurance men, with a view to settling matters on a more satisfactory basis. The work of securing statistics for the association goes on nicely and will be continued to be pushed vigorously.
